LLCFT 360 – Introduction to Quilting: Patchwork Pillowcase

**Tracey Harty
Materials List**

Required:

- sewing machine with:
 - standard presser foot
 - bobbin
 - needles (size 75, 80, or 90)
 - don't forget your power cord and foot pedal
- acrylic quilting ruler — size suggestions: 4" or 6" wide by 12," 14" or 24" long
- small scissors for snipping threads
- quilting/sewing straight pins, 1 1/2" is a good length
- fabric:
 - **1/3 yard for pillow back, lining and front background fabric:**
 - 100% cotton, light canvas or flannel
 - feel free to use different fabrics for the back and lining
 - the lining won't show so it can be a scrap, min. 15" x 15"
 - back could be denim, canvas, or cotton
 - **1/8 yard for accent blocks**
 - this is a great way to use scrap fabric you may have; make all the blocks the same or different (scrappy)
- thread (100% cotton recommended)
 - Off-white, cream or light gray work well for piecing most fabrics, blending in well. You may also use a thread that matches your fabric.
 - Thread for quilting your pillow top. This could be the same color you use for piecing your block, or you may want a contrast.

Optional (bring if you have them):

- seam ripper
- Frixion pen
- chalk marking pencil
- personal iron and pressing mat
- fabric sizing or pressing spray
- rotary cutter
- self-healing cutting mat, 12" x18" or larger
- extension cord
